@greyboulders

An aerial view of Heritage Court by RICS, a six-unit, five-bedroom villa development at Mabushi, Abuja. From the initial architectural design through to the ongoing build, GreyBoulders is delivering Heritage Court as a full design-build project, meaning one team has carried the vision from the drawing board all the way to what you see on site today. No handoffs, no disconnect between design intent and construction execution, just continuity, coordination, and accountability under one roof.

A modern building with a green wall and a parking lot. The building has a white facade and a green wall with a black railing. The parking lot is paved with grey bricks. A white car is parked in the foreground. The background shows a clear sky and some trees.

About GreyBoulders

We are an integrated design-build firm focused on creating lasting value and peace of mind for both discerning homeowners and commercial developers. We stand out by combining the efficiency and quality of our multi-service offerings with a genuine commitment to purpose-driven development.

This collaborative approach ensures a smooth, predictable project journey and results in beautiful, responsible assets that are built to endure, helping us transform the built environment for the benefit of future generations.

OUR 2025 FOOTPRINTS (Nigeria)

- 1 | **Abuja - 41+**
Our strongest nationwide footprint in architecture.
- 2 | **Lagos - 7**
Strategic commercial presence in Nigeria's capital market.
- 3 | **Delta - 3**
Enhancing community development through emerging projects.
- 4 | **Imo - 3**
Expanding southeastern reach through purposeful projects.
- 5 | **Kano - 3**
Focused northern developments delivering impactful design.
- 6 | **Gombe - 2**
Strengthening northern engagement with adaptable solutions.
- 7 | **Rivers - 2**
Supporting regional growth with targeted interventions.
- 8 | **Kaduna - 1**
Precision-led architectural delivery within Kaduna state.
- 9 | **Anambra - 1**
Driving southeastern progress through strategic architecture.
- 10 | **Bauchi - 1**
Thoughtful design supporting Bauchi's evolving landscape.
- 11 | **Ibadan - 1**
Functional architecture shaping Oyo's dynamic growth.
- 12 | **Plateau - 1**
Elevating Plateau's urban environment with design.
- 13 | **Akwa Ibom - 1**
Design-led solutions transforming Akwa Ibom communities.
- 14 | **Cross River - 1**
Contemporary architecture enriching coastal Cross River.
- 15 | **Abia- 1**
Modern infrastructure supporting Abia's development goals.

This scale model showcases a 47 units housing estate in Apo, Abuja. All housing components are 3D printed highlighting high-volume production speed. Produced entirely inhouse.

- HFM
- Alicorn by RICS

Nest Ikeja

A contemporary hotel showcasing clean geometric lines, a textured stone façade, expansive vertical glazing, and a refined minimalist composition framed by palm landscaping that strengthens its modern urban presence.

Architectural designs were done entirely inhouse, the project has now progressed to construction at Ikeja GRA, Lagos, reflecting a productive client relationship and integrated design-build approach.

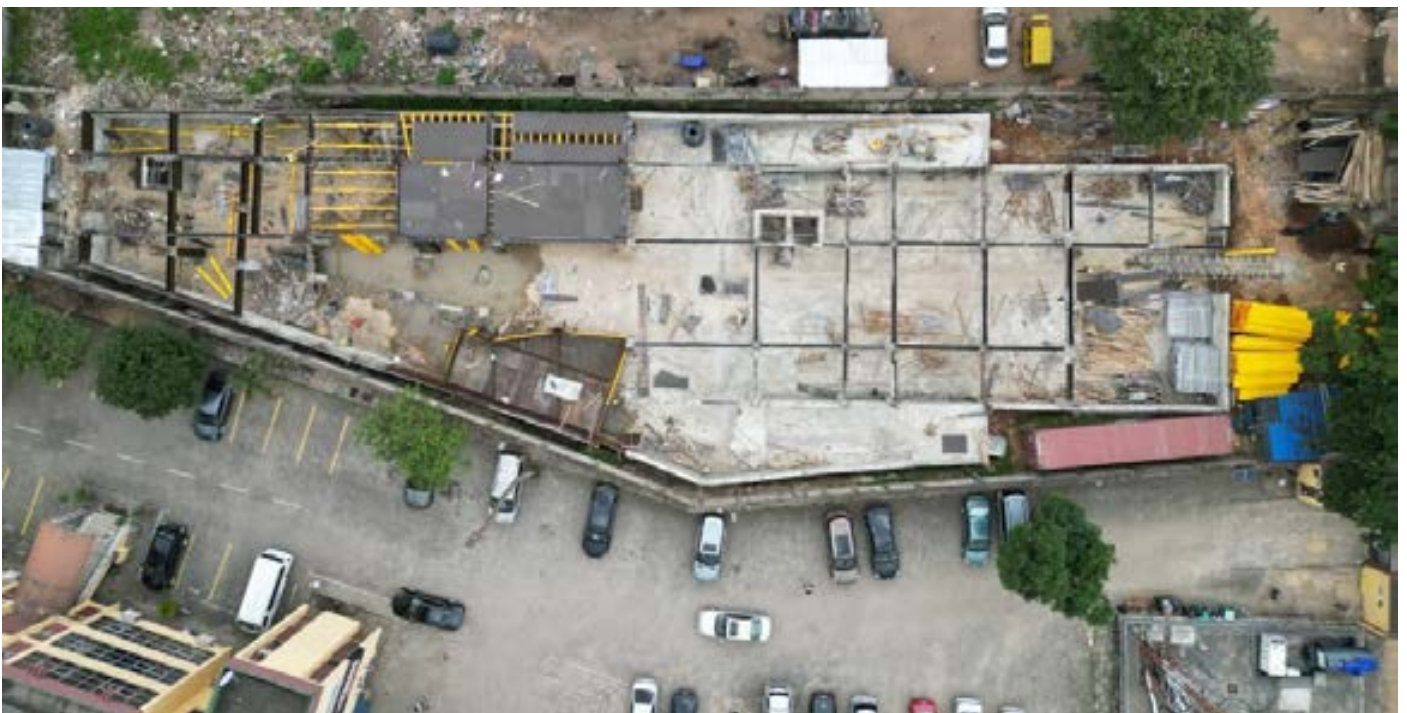

Location: Ikeja GRA, Lagos

Building Type: Commercial

Client: Nest

Stats: 10 floors, 104 keys, 1950sqm

NAWL/G

Beyond individual projects, GreyBoulders maintains a deep, ongoing relationship with Nigerian Army Welfare Limited/Guarantee (NAWL/G) — serving as their dedicated architectural partner and, effectively, an extension of their in-house team for real estate development nationwide. Rather than a one-off engagement, this partnership has seen us providing full architectural services across NAWL/G's growing portfolio of large-scale estates and smart city developments springing up across the country.

From Ojo and Yaba to Gombe, Ibadan, Kano, and beyond, GreyBoulders has been instrumental in shaping residential communities at scale translating NAWL/G's vision into cohesive master plans, diverse housing typologies, and thoughtfully integrated neighborhood layouts.

Location:

Ibadan	Gombe	Ojo
1.5ha	40ha	12.5ha

IBADAN

GOMBE

Heritage Court by RICS

Heritage Court by RICS, Mabushi, Abuja, features sleek grey and white facades, expansive glazing, tiered balconies, and lush landscaping that come together for a striking, modern residence built for refined urban living.

Location: Mabushi, Abuja

Building Type: Residential

Client: RICS

Stats: 3 floors, 0.322ha

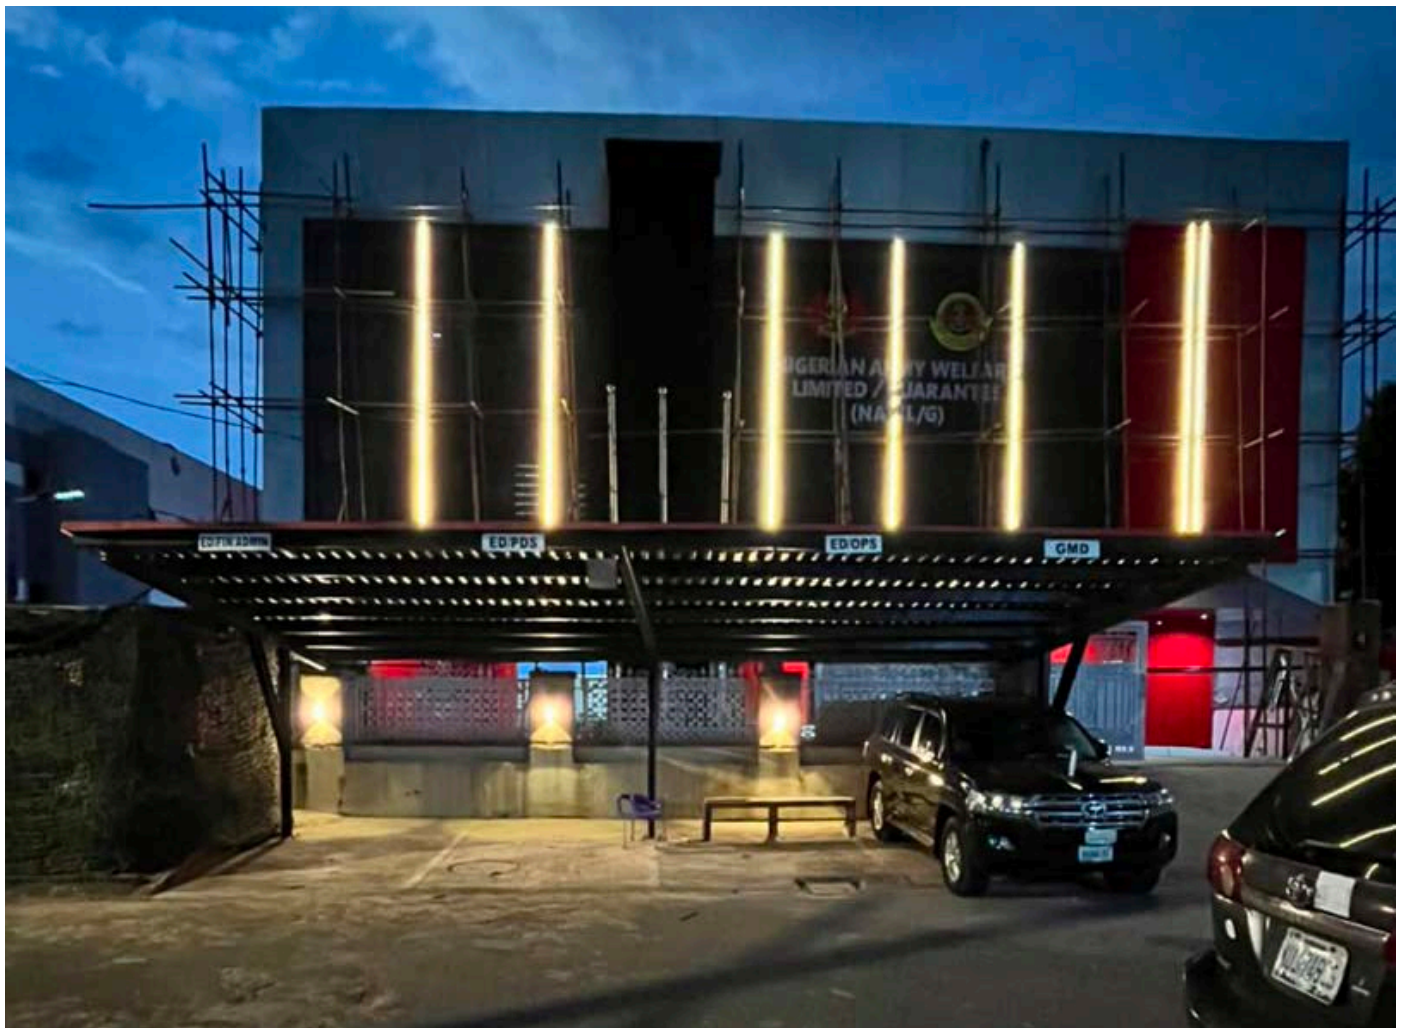

NAWL/G Facade

GreyBoulders delivered this NAWL/G Head Office facade design project from concept to completion at Garki, Abuja, handling both the architectural design and the full construction execution. The design is a striking composition of dark perforated metal cladding, crisp white panelling, and bold red accents that gives the building an unmistakably strong, institutional presence.

Location: Garki, Abuja
Building Type: Residential
Client: Private

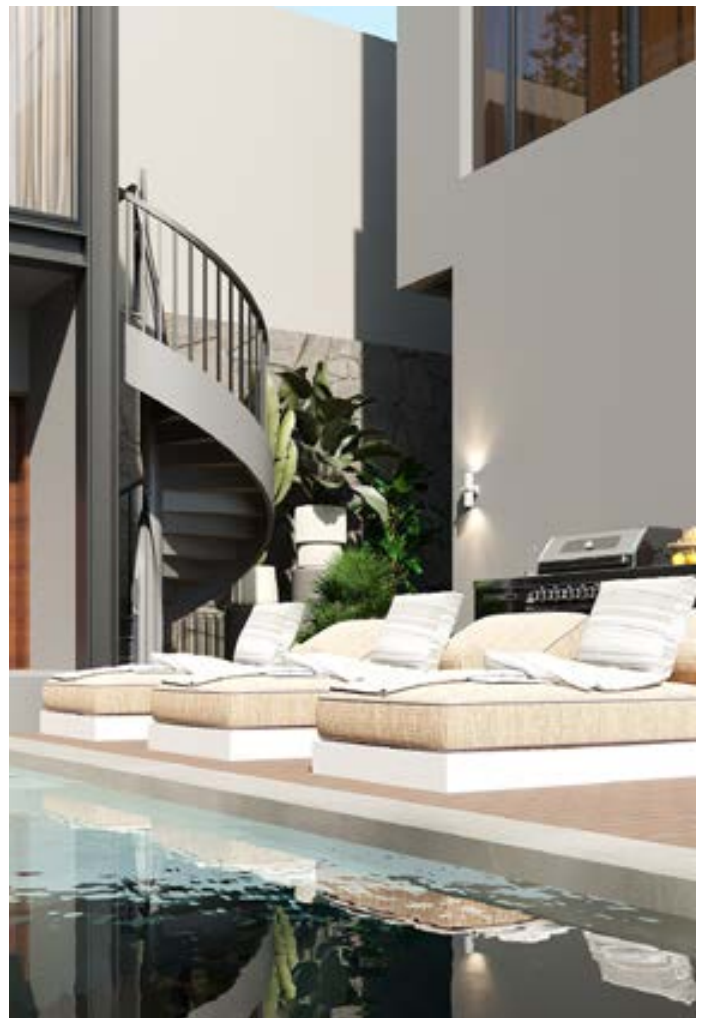

Asokoro 124

A contemporary multi-level residence defined by bold geometric lines, textured wall finishes, and expansive floor-to-ceiling glazing. Subtle accent lighting, refined balconies, and a balanced mix of materials give the home a modern, elegant presence within its landscaped setting.

Location: Asokoro, Abuja
Building Type: Residential
Client: Private
Stats: 3 floors, 429.97sqm

No 10 by RICS

This upscale development includes two detached units and one semi-detached residence, each with 5 bedrooms, 3 lounges, and an aquarium. With its broad glass façades, refined balconies, and sculptural steel canopy, the project delivers a distinctive architectural approach to contemporary urban living.

Location: Katampe Ext. Abuja

Building Type: Residential

Client: RICS

Stats: 3 floors, 2230.153sqm

Crown Valley Residence

Crown Valley Residence, a 6-unit residential development in Guzape, Abuja, showcases GreyBoulders' full scope of capability, from architectural design through to infrastructure execution on site. Beyond the designs, our team took on the added challenge of the site's rocky terrain, delivering the groundwork and infrastructure works needed to prepare Guzape's naturally rugged landscape for a luxury estate development. A task that demanded careful site engineering and planning long before the first block was laid.

Location: Guzape, Abuja

Building Type: Residential

Client: Private

Stats: 4 floors, 4700sqm

Blackdiamond Residence

This flagship villa complex by BlackDiamond Residence includes two detached and three semi-detached six-bedroom units, each with a basement, private gym, and cinema. A modern façade of white and dark fluted polystyrene panels, paired with expansive windows and recessed lighting, creates a sophisticated, light-filled design.

Location: Asokoro, Abuja

Building Type: Residential

Client: Black Diamond Homes

Stats: 8 units of 5 bedroom, 3600sqm

Tetrad by RICS

This innovative four-unit terrace development redefines urban living with its sophisticated design. Each four-bedroom unit features dual lounges and an aquarium, crown by a dramatic three-meter cantilevered angular balcony. The facade harmoniously blends clean white surfaces with textured gray panels, creating a striking modern appearance enhanced by abundant natural light.

Location: Jahi, Abuja

Building Type: Residential

Client: RICS

Stats: 3 floors, 4 units of 4 bedrooms, 1200sqm

Warehouse Gwagwalada

This logistics and warehouse facility in Gwagwalada, Abuja prioritizes operational efficiency: dedicated loading docks with protective canopies shield goods and personnel during transfer, while the building's long, linear massing allows for straightforward internal logistics flow and future scalability. Wide, canopy-covered loading bays punctuate the facade, sized to accommodate multiple articulated trucks and delivery vehicles simultaneously, with clear vehicular circulation and generous forecourt space for forklifts and staging.

Location: Gwagwalada, Abuja

Building Type: Industrial

Client: Private

Stats: 2 floors, 4000sqm

Rockman

A striking four-storey corner building with expansive floor-to-ceiling glazing. Crisp white cladding panels contrast with dark horizontal accent bands and cantilevered overhangs that break up the mass and add depth. Branded with Rockman vertical signage running up two corners, anchoring the building's identity from every approach.

Location: Garki, Abuja

Building Type: Commercial

Client: Rockman Engineering

Stats: 3 floors, 536.67sqm

Summit Hills

Summit Hills reimagines contemporary living through its graceful architectural flow and connection to nature. With its sculpted curves, luminous glass façades, and rich stone detailing, the residence creates an atmosphere of modern elegance set within peaceful surroundings. Carefully landscaped and crafted with precision, it embodies a signature blend of sophistication, openness, and natural harmony

Location: Calabar, Cross River State

Building Type: Residential

Client: Private

Stats: 2 floors, 2000sqm

Sokoto Residence

This elegant residential villa in Sokoto blends Tuscan-inspired architecture with the warmth of a family home. A terracotta-tiled hip roof crowns the two-storey structure, its deep overhangs and dentil-moulded cornices lending old-world refinement, while grand arched windows and a dramatic double-height entrance arch draw the eye to the home's central axis.

Location: Sokoto

Building Type: Residential

Client: Private

Stats: 2 floors, 2132.165sqm

Elysium by RICS

Elysium by RICS comprises a cluster of four villas defined by crisp white volumes, arranged to maximise privacy while fostering a cohesive architectural language across the estate. Each unit is designed with private courtyards, elevated terraces, and generous glazing that draws natural light into open-plan interiors, while integrated landscaping softens the built form and reinforces a strong connection to the surrounding greenery.

Location: Guzape Abuja

Building Type: Residential

Client: RICS

Stats: 3 floors, 4000sqm

Alujo by Owkaz

Alujo by Owkaz demonstrates our creative and technical approach to multi-unit residential design: balancing density and functionality with a refined architectural identity. The ground floor is anchored by a secure, covered parking level with clearly marked bays, reflecting practical, resident-focused planning alongside aesthetic intent.

Location: Abuja

Building Type: Residential

Client: Owkaz

Stats: 4 floors, 8 units of 3 bedroom, 1329sqm

Gateway Plaza

Gateway Plaza highlights how we create retail environments that are functional and easy to navigate, yet distinctive enough to serve as a genuine destination within Abuja's growing Kugbo commercial corridor.

Location: Kugbo, Abuja
Building Type: Commercial
Client: Valid Dreams
Stats: 3 floors, 2695.2sqm

River Park Estate

RiverPark Estate, a 4-unit residential development features a white vertical fin detailing, with cantilevered upper volumes that create dramatic overhangs and shaded outdoor spaces at both balcony and entrance levels. This development reflects our design approach to boutique multi-unit living: combining a strong, memorable identity with the comfort, greenery, and privacy expected of a high-end residential address in Abuja.

Location: Abuja

Building Type: Residential

Client: Maison Valuer

Stats: 3 floors, 1420sqm

Guzape 217

This 3-unit villa development in Guzape, Abuja is defined by a distinctive white perforated screen pattern that wraps key facade elements softening the sunlight into a dappled play of light and shadow across balconies and stairwells, while offering privacy without sacrificing openness.

Location: Guzape, Abuja

Building Type: Residential

Client: Private

Stats: 3 floors, 1540sqm

HFM

This development showcases distinctive architectural features, including a bold coral-red geometric façade and expansive glass curtain walls.

Designed as a signature HFM complex, it brings together contemporary office environments with vibrant vertical gardens and lush tropical landscaping. The structure highlights a sophisticated interplay of geometric forms, transparency, and sustainable green design elements across its multiple levels.

Location: Ikeja, Lagos

Building Type: Commercial

Client: Private

Stats: 3 floors, 1420sqm

Alicorn by RICS

Rising above the rocky landscape of Katampe Extension, this residence merges high-end living with environmental responsibility, featuring a centralized rainwater harvesting system designed for efficient water recycling.

Location: Katampe Ext, Abuja

Building Type: Residential

Client: RICS

Stats: 3 floors, 2124.82sqm

PORTFOLIO

Model Making

We leverage advanced tools such as the Bambu 3D Printer, Creality k1 max and TT Laser equipment to achieve new heights of creativity and efficiency

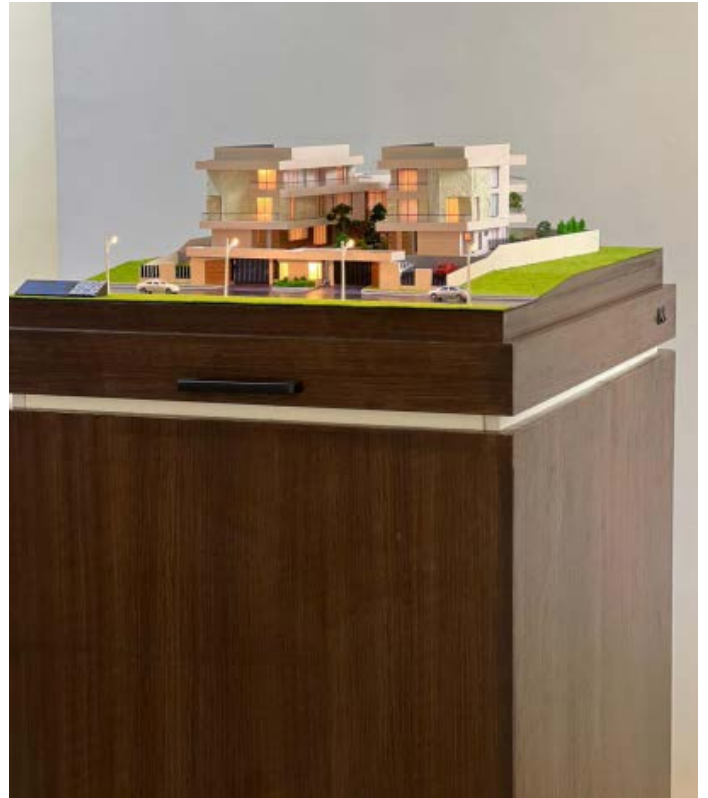

Our team possesses the capability to produce highly detailed scale models, bespoke components, and innovative, future-oriented design prototypes with exceptional accuracy and efficiency.

Leveraging advanced digital modeling techniques and state-of-the-art 3D printing technology, we are able to translate even the most complex concepts into tangible, meticulously crafted forms.

This combination of technical expertise, artistic sensitivity, and rapid production allows us to support architects, designers, and developers in bringing their visions to life with a level of precision and speed that consistently sets us apart

Consultancy

We provide expert insights that optimize project outcomes and ensure seamless execution from concept to completion.

Our consultancy services extend well beyond traditional architectural guidance. We provide end-to-end support across the entire property development process, including construction oversight, coordination of specialized building components, and integration of technical solutions.

In addition, we offer strategic media and brand management services that help position projects effectively and enhance their overall market presence.

Outsourcing

Our expert team of architects, engineers, and designers deliver projects of any scale with creativity, precision, and technical excellence

With a diverse pool of specialized talents, we ensure our clients benefit from rapid turnaround, broad expertise, and reliable 24/7 availability. Whether the requirement is photo-realistic renderings, highly detailed construction documents, or innovative design concepts, our professionals integrate seamlessly with your team, enhancing capacity without compromising quality. Our consistent delivery standards and efficiency make us the trusted partner for clients seeking excellence in outsourced architectural services.

The GreyBoulders® logo and icon are registered trademark
under laws of the Federal Republic of Nigeria

The background features a collage of construction-related images. At the top, there are three smaller images: workers in safety vests, a modern building with a glass facade, and a large number 5. The number 5 is a large, metallic, blue 3D object that dominates the center of the image. It has a glossy finish and is surrounded by swirling blue and white lines. The text 'We are' is written in a white, cursive font inside the bottom loop of the number 5. The overall theme is construction and celebration.
